PALETIZATION

Arrangement on a 1200x800 mm pallet

- Buckets and lids are made of polypropylene (PP).
- The packaging requires storage and transport testing in the environment of its intended use.
- It is the responsibility of the customer to match the packaging with the target batch.
- All materials and dyes used to produce container or lid designed for the food sector are approved for food contact.
- Manufacturer is not responsible for container deformation because of stacking of single pallets or putting on them an extra load.
- The product is available in white, transparent or colored according to customer specifications. More colors
